

Strawberry Shortcake by Lynn's Recipes

Lynn demonstrates how to make a super easy Strawberry Shortcake using Angel Food Cake. This is a great summertime dessert.

Strawberries, hulled, sliced and sprinkled with sugar

Homemade Whipped Cream -- I have a previous video on how to make this recipe

Put whatever amount you need of the strawberries that you have hulled and sliced in a bowl and sprinkle with sugar. Let them sit a while so that the liquid is drawn out of the strawberries.

Place a piece of sliced Angel Food Cake on a plate. Spoon the strawberries on the cake and top with the whipped cream.

I haven't given amounts of the ingredients to this recipe. It depends on how much you need. You can sweeten the strawberries according to your taste.
